Designation:

Lot size: 24 ft. x 120 ft.

Materials: Stone and metallic panel

Owner: 330 Associates

Accessible: yes, restricted

Liber/Folio: CWM 4026/690

Historic Name:

Date: ca. 1916

Architect/Builder: Baldwin & Pennington, arch.

Style (if appropriate): Classical Revival

Description:

This is a simpler version of the facade of 334 North Charles Street (B-2168). The bell arch framing the storefront is plainer, without the incised outline as at 334. Glass and metallic panels form a curtain wall infill. Below the second floor sill is a band of egg and dart molding. The four windows on the second floor are single plate glass and have transoms with vertical muntins. They are separated by plain piers. A simple cornice with a dentil molding and a plain parapet complete the facade.

Significance:

Area: architecture

Level: local

The facade of this building may have been designed by Baldwin and Pennington, the architects of the Professional Building (B-2167) and 334 North Charles Street (B-2168). All three were owned by Thomas O'Neill and it is likely that the same firm was used to design the facades over a period from 1905 through about 1916. The similarities in scale, fenestration, cornice lines, and style between 334 and 336 North Charles further suggest the work of the same architects.

Additional Information:

Research in the Daily Record by Fred Shoken in July 1985 confirmed that Baldwin and Pennington were the architects of 336 North Charles Street.
